See product labels for crop specific application information.

## Storage & Handling

**Storage:** Keep in a cool, dry place. Keep out of direct sunlight. Do not exceed storage in 77°F and above for an extended period of time. Do not freeze product.

**Disposal:** Dispose of all waste in accordance with local, state, and federal regulations.

**Keep Out of Reach of Children:** No hazard symbol. This substance does not meet criteria for classification as a dangerous substance. Wear eye goggles and gloves.

## FAQs

**Q: When does the product expire and how long can I keep it on the shelf?**

**A:** See packaging for expiration date.

**Q: What is the best application method?**

**A:** Directly to your seed in the hopper box at time of planting and at the rates indicated on the product label.

**Q: What is the difference between Rhizolizer Duo for Soybean and Rhizolizer Prime for Soybean?**

**A:** Rhizolizer Duo for Soybean does not include the inoculant Bradyrhizobia. This product is recommended for use on seed that already contains a Bradyrhizobia inoculant.

**Q: Are the Rhizolizer Duo products interchangeable?**

**A:** No, the products are optimized to be used for specific crops.

Rhizolizer Duo BA products qualify for the CarbonNow program
